Lab Task 5.1

<https://github.com/Sharonwoon/DataVisualisationLab/blob/main/Lab5.1.html>

Lab Task 5.2

<https://github.com/Sharonwoon/DataVisualisationLab/blob/main/Lab5-2.html>

The screenshot displays a web browser window on the left and a code editor on the right. The browser shows a page titled "Update and Transitions" with a bar chart and a code editor showing JavaScript code for a data visualization.

Browser Window:

- Address bar: 127.0.0.1:5500/Lab5-2.html
- Navigation buttons: Main Page, Lab5-1, Lab5-3, More Lab
- Page Title: Update and Transitions
- Author: Woon Xin Ying
- Buttons: Update, Transition 1, Transition 2
- Bar Chart Data:

Index	Value
1	14
2	5
3	26
4	23
5	9
6	21
7	7
8	19
9	25
10	30

Code Editor:

```
Task5.2.js
DataVisualisationLab > JS Task5.2.js > on("click") callback
114 // Transition 2: Bars fade in
115 // Transition 2: Bars fade in
116 d3.select("#transition2").on("click", function() {
117   dataset = [];
118   for (var i = 0; i < numValues; i++) {
119     var newNumber = Math.floor(Math.random() * maxValue);
120     dataset.push(newNumber);
121   }
122   svg.selectAll("rect")
123     .data(dataset)
124     .transition()
125     .ease(d3.easeCircleOut) // Bounce effect
126     .duration(1500)
127     .attr("y", function(d) {
128       return h - (d * 3);
129     })
130     .attr("height", function(d) {
131       return d * 3;
132     });
133   svg.selectAll("text")
134     .data(dataset)
135     .transition()
136     .duration(1500)
137     .ease(d3.easeBounceOut)
138     .text(function(d) {
139       return d;
140     })
141     .attr("y", function(d) {
142       return h - (d * 3) - 5;
143     });
144   });
145   });
146   });
147   });
